Specification

Premium Craftsmanship: Elevate your indoor spaces with our all glass rooflights.

Superior Thermal Efficiency: Our Triple Glazed Rooflights have superior thermal efficiency. Our 6mm triple-glazed toughened safety glass has exceptional energy performance with a U Value of: **0.60 W/m²K** ensuring your space remains energy-efficient and comfortable.

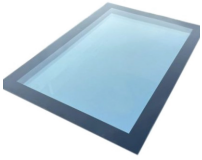

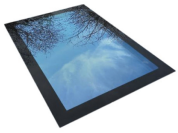

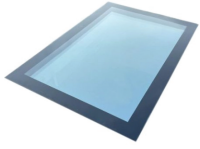

Stylish Customization: Our rooflights include a sleek Black (RAL 9005) ceramic border as a standard feature, adding a chic aesthetic touch to your installation.

Glass Make up: All three panes of glass are 6mm BS EN 12150 thermally toughened (6mm clear toughened / 42mm spacer / 6mm softcoat low-e toughened / 16mm spacer / 6mm softcoat low-e toughened). The standard rooflights are 95% argon gas-filled in both cavities. The integral blind units are 95% argon gas-filled in one cavity.
